Mentoring: Mentoring has been practiced at SJIPR since its inception 2008. Faculty members mentor students and guide them on several aspects from curriculum to career prospects. Faculty are allotted student mentees in an unbiased manner and once assigned the Mentor will continue to guide the Mentee throughout the completion of the course. Every Mentor meets his/her Mentees atleast once a week. A fixed Mentoring Hour is included in the weekly timetable wherein all Faculty members are free from regular classes and available to meet their Mentees. A Mentoring Handbook is maintained which also records the weekly interactions with the Mentees. Parents are also made aware of the Mentoring Process at the commencement of the academic year during the Parents Meeting and they are welcomed to interact with Mentors to support the progress of their wards.
